15/3. Barcelona."XV Marathon Catalunya".

In the Olympic Marathon course took place the "XV Marathon de Catalunya" which acted as Spanish and Iberoamerican Championship. The difference will be that the Olympic one is scheduled at 18h30 meanwhile this one was at 10h30. The event began in Mataró (a town near Barcelona) finishing at the Montjuic Stadium, with a crowd of 22.000 people.

As an exceptional witness Hiromi Taniguchi was there to know the difficulties of the final part in which runners have to "climb" the Montjuic Mountain - from an altitude of 25m in the 38km to a final of 88m at the Olympic Stadium -. All competitors agreed in the fact that is better not to run very hard until the last four kilometers when the hardest part begins.

* After a lot of confusion **NR of David Martínez** at the discus will be 65.36m. The facts:

- The athlete phoned to the Spanish Federation with the performance: 65.36m

- Received the oficial sheet of results it was thought that the competition was measured with the imperial system and the performance was 214'9" (equivalent to 65.42m).

- Further examination indicated that it was measured with the metric system and the performance was initially 65.46m but remeasured as **65.36m** when discovered that it was a NR.

* Other National Indoor Records in 1993:

- HJ(men): 2.31 Arturo Ortiz (2) Gundelsheim 14/2 (record tied)

- TJ(women): 13.96 Conchi Paredes (q) Toronto 13/3

- SP(women): 17.55 Margarita Ramos (4) Paris 20/2

* **Miguel Angel GOMEZ**, second all-time best performer and 1992 National Champion at 200m, died in a motorcar accident on April 6. He was also the Nat. Champion in 1989 and the indoor champion in 1988 and 1991. His best international results were fifth in the WIC'1991 in Seville - near

his hometown Mairena de Alcor - and a silver medal in the
1991 Mediterranean Games. Personal Bests, 100m-10.54(1989)
and 10.43w(1991); 200m-20.76(1991) and 20.69w(1991);

* Marcelo Cascabelo has obtained the Spanish citizenship after three years of living here. However he will represent Argentina in major meets (it exits double citizenship between Spain and most of the Latinoamerican countries).

* The LARIOS Club could not obtain its fourth European title in a row (Budapest, 29,30/5). They were beaten by the italian FIAMME D'ORO (125,5 - 110). On the first day Angel Hernández won the LJ with 8.18(+2,0). Other victories: 100m(+1,8) O Ezinwa (Lar-NGR); 10000m B Boutayev (Lar-MAR), 29.15.96; 800m L J González, 1.49.97; HJ A Ortiz, 2.24; 4x400 Larios (Sánchez, Moreno, Cuesta, Cornet) 3.08.69.

* Shot Put in Spain is changing with two Martínez. After years of nobody except Martín Vara, in 1990 it seemed that the situation was going to change with two juniors over 17m (Víctor Roca-72 and Sergio Moliner-71) but they never progressed and now are almost retired. Suddenly in 1991 there were two new athletes over 17m: David Martínez-67 - the NR discus holder- with 17.47i and Manuel Martínez-70 with 17.43. A promising young Martínez -José Luis Martínez-74- performed 15.51. In 1992 David Martínez did not trhow the shot but it was the same because for the first time we had two shot putters over 18m (both 18.14m), one of them obtaining a silver medal in the World Junior Championships. Assured the rivalry it was a matter of time a new NR and that was the case in Alfaz del Pí (10/4/93). Who will be the first over 19m?

To show the new situation you can see the best performances prior to 1992:

* Carlota Castrejana (25 Abr 73 / 1.88m) made her début in the High Jump in Madrid (14/7/93, see results) with **1.70m**. She is an ex-international basketball player (fifth in Barcelona'92) who obtained economical support from the Spanish Athletic Federation to become a high-jumper. Her real début in Athletics was in Logroño, his hometown, where she won a local 400m race with 58.86 (30/5).

* **Jordi Rofes** obtained a personal record of **2.21m** during the European School Games (under 18) of Valkenswaard (Holland). He only was silver medalist in that competition. He is now two centimeters below the Junior National Record (2.23m by Gustavo Becker) but still has two more years as a junior athlete. Spain won four gold medals: **1500m(men)** Reyes Estévez with 3.50.97 (best 1993 performance: 3.42.36); **2000st** Antonio Alvarez with 5.42.22; **1500m(women)** Nuria Fernández with 4.25.63 and the **4x100** Relay (women) with 46.96 (Eva Morcillo, M José Ruipérez, Adoración García and Leire Olaberría).

* France-Spain (juniors) in Tarbes (FRANCE) (17/7/93):

MEN: France 111 - Spain 101
WOMEN: France 104 - Spain 75

* Please note that in the text of the issue n.7 (page 20) I said that in 1991 Manuel Martínez-70 did 17.43 when he is really **José Luis** and the promising young Martínez is **Manuel** (the European Junior Champion).

* Although **Antonio Peñalver** competed in Oulu, he is not fully recovered from his broken finger and that is the reason of his absence in Stuttgart. **Alvaro Burrell** has spent the year studying rather than training and his only decathlon of the year was also in Oulu.

Other athletes injured during 1993: **David Martínez** (DT), **Isabel López** (LJ), **Alberto Ruiz** (PV), **Alejandro Gómez** (10000m).

* **José Luis Celaya** (Galdácano (Vizcaya), 26/8/1910), died on 23/7. He was the NC at the discus in 1935 and the NR holder for seven years (from 1936 to 1943). His best performance of 42.48 -Lemona, 29/9/1935- was not considered a NR due to the lack of officials. His last NR was of 41.78 in Bordeaux (21/6/1936).

* **Antonio Prieto** -the popular "Taca"- has said goodbye to Athletics. After getting married on 10/9 he has now obtained a job as a Sports Technician for the 'Consejo Superior de Deportes', the Governement's Office for the Sport.

* Almost 24 hours after finishing the San Sebastián's Marathon in the 1115 position (3h12.18), Jaime Serra, 49, died of cerebral haemorrhage. He had completed five marathons before, including one in New York.

3.40.0 José Manuel Abascal Athinai 26-06-77
3.38.2 José Manuel Abascal Barcelona 10-09-77

The new European Junior 1500m Champion, **Reyes Estévez (2/8/76, 186/70)**, obtained the title with just 16, one day before his birthday. This catalan from Cornellá (Barcelona) compares himself with José Manuel Abascal but admires José Luis González as the best 1500m runner in Spain. From 1993 his coach is the same who advised Abascal, Gregorio Rojo.

In 1992 he bettered the NR(under 16) at 3000m with 8.19.78, running the distance in 8.40.21 during 1991. He has still two years to break the junior NR of Abascal at 1500m (3.38.2).

Estévez is the second European Champion at the distance after Mateo Cañellas (1991). Only two more athletes have achieved medals in that competition: Francisco Morera (bronze medal in Paris'70) and Javier Rodríguez who was the silver medalist in San Sebastián. Remember that Abascal obtained the title in Donetz'77 but in the 3000m event.

* The new **Video-Finish** system of San Sebastián caused problems. AEEA member Antxon Blanco discovered a difference between the hand-times and the automatic ones determined by the VF. The error -of 0.09 seconds- was calculated comparing the VF with the Foto-Finish and it was due to a wrong translation of the instructions.

* **Cayetano Cornet** has been operated (1st of February) on the right knee by the ex-international basketball player Alfonso Del Corral.

* While women are now over 4 meters in the Pole Vault, in Spain the magic barrier is still one meter below. The event was not practised by Spanish athletes until 1993 and the current National Best Performance (supposed to be the new National Record) was obtained in Ludwigsburg (Germany) during a Match between the Swiss U23 team, Baden-Württemberg, Midlands, Rhone-Alpes and Catalonia. The winner was German Carmen Haage with 3.40m and Catalanian Silvia Delgado (19/3/73) did 2.60m. This year the same athlete has bettered the performance obtaining 2.74m during the Catalanian Indoor Championships (6/2, see results).

* After three years with physical problems walker **María Reyes Sobrino** has announced her retirement from Athletics.

* Too many athletes for so poor results. That is the summary for Spanish athletes in Paris during the **European Indoor Championships**. Only a silver medal won by favourite **Luis Javier González** and the disappointment of the 3000m race in which **Enrique Molina** has to quit because of a fall in the first lap and **Anacleto Jiménez** was only fourth.

* For the first time in sixteen years nobody has run under 48 seconds the **400m** event during the indoor season. The last time was in 1978 when the best Spanish athlete was **Miguel Angel Arnau** with 48.4h.

* After the exhibition of the last year in Helsinki, **Martøn Fiz** broke the marathon NR in Boston (18/4, 2h10.21) just in his second try. He failed in being the first man under 2h10 while **Diego Garcøa** had problems with the water's supply and finished in 2h14.35 almost dehydrated and doing a stop 5km before the finish line. On the women's side **Mónica Pont** has become the first woman under 2h30 with her sixth place (2h29.36) and the former NR holder **Marøa Luisa Mutoz** could only finish with 2h41.18.

* New positive drug test, this time ephedrine. A three months ban for the unknown runner David López (5000m, 14.30.28 in 1993). He was tested in the past december.

* National Junior Record of 10.000m by **Ivøn Pórez (76)**: he obtained 29.31.63 in Gijón (8/5). I still don't know the complete results of the race.

* Two weeks after the competition Spain has won the European Cup of Valencia. Polish shot putter Perzylo was tested positive so that Poland loses seven points (he was second after Manuel Martønnez) and the first position by only 1/2 point. It was announced by the AEA in Birmingham.

* Spain obtained two gold medals during the International Schools Champs of Nicosia (Cyprus). For the first time the athletes from China were allowed to compete. **Ivøn Manjón** won the 1500m event with 3.49.12 and **Antonio Alvarez** did the same in the 1500st with 4.10.96. Silver medals were gained by Israel Domønguez (800m), David Abelløn (5000W), Raquel Rodrøguez (3000W) and the 4x400 male relay team.

* While the **Larios** has obtained a new national title just two weeks after the European one, the **Valencia C.F.** has won again the female National Club Championship. However they are not very happy because the Football Club has announced that they won't continue with the economical support of Athletics.

* **Jose María Elorriaga**, 63, National Champion in the Hammer Throw in 1957, 1958, 1959 and 1963 died on 12/8/94 of cerebral haemorrhage during his holidays in Marbella.

* Forget the 3 months suspension for **Mónica Pont**. She was tested with 324 ng/ml of morphine at the Boston Marathon (sixth with 2h29.36) when the IAAF and the IOC permit up to 1000. The explanation is that in the USA more than 300 is considered a positive drug test. In any case this is the second time in which her extraordinary slow metabolism caused problems.

* Although the performance of **Rocío Ríos** in the Berlin Marathon (25/9) was initially given as 2h29.00, the real one was 2h28.58 after claiming the two seconds to the organizers. It would have been better if her feet hadn't caused problems during the last five kilometers.

This is the third time in one year that the National Record is broken both for men (2h09.13 by **Antonio Serrano** in his first try) and women at the same race and always by different athletes (2h10.27 Rodrigo Gavela and 2h31.01 María Luisa Muñoz during the World Cup; 2h10.21 Martín Fiz and 2h29.36 Mónica Pont at Boston).

* Another interesting debut in the Marathon for **Pablo Sierra** who won in Minneapolis (USA) with 2h11.35 at the beginning of October. He has been living in the USA for seven years but now has returned to Spain.

* Long distance runner **Rafael Illán**, 23, was dead by a train on 20/10/94 while standing near the railway. He had obtained his best performances (3000m: 7.59.00 / 5000m: 13.39.32) during 1993.

* Poor performances by the Spanish athletes in the **VI Iberoamerican Championship** in Mar del Plata (Argentina). As it has been held when most of the athletes had concluded the season (27,30/10) only few of the leading athletes were present and only one **Javier Rodríguez** (3000st)- could obtain the victory. Best results (ATFS standars and Spaniards):

* The **Larios Club** continues with its effort to build a very strong team. Apart from cubans Javier Sotomayor, Emilio Valle, Iván Pedroso, Silvia Costa, Ioannet Quintero and Aliuska López, for the next season Liliana Allen and Yoelvis Quesada will join the club. Between the nationals the most important new name is Manuel Martínez.

Meanwhile a new club has born, the **Adidas Running Team**, that begins with athletes such as Sandra Myers, Tomás De Teresa, Reyes Estévez, Rocío Ríos, Diego García, Enrique Molina, ...

* The Indoor Meeting "**Ciudad de San Sebastián**", scheduled for the next March has been cancelled due to economical problems.

* After a meeting of the RFEA (Spanish Federation) there are two new National Records for women: **3.25m** by **Silvia Delgado** in the Pole Vault (23/7/94, Sabadell) and **53.18m** by **Susana Reguela** in the Hammer Throw (9/10/94, Barcelona).

* World Indoor Championships in Barcelona:

- Since the "Palau Sant Jordi" was inaugurated in 1990, this is the first year in which an Athletic competition is going to take place in it. An Sportflex track by Mondo has been installed in 48 hours and two meetings has been scheduled before the WIC: The Catalonian Indoor Championships (3/3) and the Junior National Indoor Championships (4,5/3). Just during the following day of the WIC this track will be moved to Villafranca del Penedés in order to be used in the future.

Apart from 600 journalists, 900 VIPs and the members of the delegations, there are 10,000 seats for the public (up to 17,000 for other sports). The Palau San Jordi was built by the Japanese Arata Isozaki for the Olympic Games.

- 27 athletes were designed by the RFEA (Spanish Federation) to compete in Barcelona (see page 11). Among them Carlos Sala (60mh) and Javier García (PV) are the ones with more National Indoor titles (8 each one).

- Not taking into account the World Games of Paris in 1985, Spain has achieved 8 medals in the four editions of Indianapolis, Budapest, Seville and Toronto.

Nobody got a gold medal. Five athletes were the runner-up: José Manuel Abascal (1500m in 1987), Fermín Cacho (1500m in 1991), Tomás De Teresa (800m in 1991), José Luis González (3000m in 1989) and Sandra Myers (400m in 1991). The bronze medalists were Enrique Molina (3000m in 1991) and Cayetano Cornet (400m in 1989 and 1991), the only double metal winner.

Two past medalists are going to compete in this edition: Fermín Cacho and Sandra Myers and they have possibilities to repeat. However Cornet and De Teresa -the only others in doing the indoor season-, could not obtain the passport to Barcelona during the Nationals.

* The "Pabellón Fuente de San Luis" Indoor Track of Valencia has been dismantled but this year a new 200m track has been built in the "Velódromo Luis Puig". The first official competition held was the Regional Championship (11,12/2) and the second one, the Nationals.

* Several foreign athletes were allowed to compete in Valencia during the NC. Nobody was permitted to enter the finals. The best result came from Mario Aníbal of Portugal who broke the National Indoor Record in the combined event (5.599p).

* After the 1995 National Indoor Championships **María José Martínez** still remains as the athlete with more indoor titles with 13 (11 at 60mh and two at LJ). In the hurdles she is now the sixth in the All-Time List (8.47) and the 18th in the Long Jump (6.02).

* The TJ National Record holder, **Santiago Moreno**, tore his Aquiles tendon during his first competition of the year (Madrid, 10/1). He was operated the following day. Remember that apart of being an athlete he coaches Conchi Paredes and other triple jumpers like Roberto Garcinuño.

* If during the past indoor season nobody was able to run under 48 seconds in the 400m event in Spain, this year it has not been the same. Apart from **Antonio Sánchez** who did 46.82 in obtaining his first national title in the distance, Cornet, Escribá and Andrés run sub-48 races.

* **María José Mardomingo** has lost the indoor season due to back problems. She will be recovered for the summer.

* **Luis Javier González** after obtaining 1:48.47 in Seville (17/2) announced that he would not compete in Barcelona because he now needs to train rather than competing.

The profile of ... **Jordi Mayoral**

18 May 1973 - 1.75/65
Girona
Coach: Alex Codina

Three men under 21 seconds is not a common situation at the 200m event in Spain but it can happen this year with **Javier Navarro** (20.74A), **Frutos Feo** (21.00 before his injury) and **Jordi Mayoral** who broke the NR during the heats of the U23 National Championships of Vitoria (7,9/7) with 20.63.

Jordi (catalonian name for Jorge (George)) was the national champion in 1993 but a back injury caused him a bad 1994. He has begun this year with the indoor title and the outdoor National Record.

1989	-	10.9h
1990	22.34 / 21.93w	11.0hw
1991	21.94	11.00 / 10.96w
1992	21.22	10.61 / 10.2hw
1993	21.01	10.51 / 10.42Aw
1994	21.45	10.79
1995	20.63 / 20.44w	10.46

Championship record at **200m**: NC'91-6, NCj'91-2, WCj'92-dnf sf, NC'92-3, NCj'92-1, NC'93-1, NC'94-5, WCi'95-6s2, NCi'95-1

Other pb: **60m**, 6.72(1995) / **400m**, 47.7h (1993)

* Fifth European title for the **Larios AAM** club in Vila Real do Santo Antonio (Portugal). They obtained five victories during the first day (27th of May) that proved enough to maintain a wide margin over the **Fiamme Azzurre** from Italy (142 - 123). Long jumper **Angel Hernández** suffered a bad injury during the fourth round of jumps when he broke his tibia. He will not compete for the rest of the year.

* Less important was the injury of **Manuel Martínez** (strain muscle) produced on the 29th of May while he was weightlifting. He could compete during the European Cup of Nations although his performance (18.97m) was inferior to the one obtained in Vila Real (19.64m), his best outdoor of the year.

* Nine women over 3.00m is the situation of the Pole Vault in Spain to 30/6/95. The most unexpected pole vaulter is **Belén Palacios** who was the second in 1994 in the javelin throw!

3.40i	Silvia Delgado-73	1	S.Sebastián	12-2
3.25	Belén Palacios-69	1	Valencia	24-6
3.20i	Dana Cervantes-78	1	Barcelona	4-3
3.15i	Mar Codo-77	2	Barcelona	4-3
3.10	Natalia Barroso-75	2	Gijón	27-5
3.10	Marisa Marcotegui-67	1	S.Sebastián	24-6
3.00i	Naiara Larrea-77	1	S.Sebastián	19-2
3.00	Cecilia González-72	1	Arganda del R.	17-6
3.00	Yolanda Gallego-73	1	Basauri	24-6

Silvia Delgado is the national record holder both indoor (3.40m) and outdoor (3.35m in Barcelona on 2/6, see results).

* In 1996 there will be Spanish male and female teams competing in the European Cup Super League of Madrid. The women's team won the First League match of Basel (SUI) thanks to an extraordinary **Sandra Myers** who won three individual events (100m, 200m and 400m) and was second with the 4x400m relay team. They were 6 points ahead of Portugal which completed a brilliant competition with five wins including the one of **Isabel Abrantes** which broke the NR at 100mh (13.28) when the race was repeated after a protest.

The men's team was seventh at the Super League match of Villeneuve D'Ascq just one point ahead of Poland. Before the match the last two nations were condemned to lose the category but after the match the **AEA** announced that only the last one had to compete at the First League the next year because in Madrid there would be nine teams competing at the Super League (the **Estadio de la Comunidad** has nine lanes). Spain (men) and Italy (women) are the two teams affected.

* After breaking the junior NR of José Manuel Abascal (see "Atletismo en España" N.11 pg. 6) during the IAAF GP II Meeting of Seville, **Reyes Estévez** has the opportunity of being the only Spanish athlete to obtain two European Junior titles if he wins this year' Championship.

* **Valentín Massana** who could not finish in Beijing during the World Race Walking Cup due to stomach problems won the 20kmW event during the 7N match of Fougères, FRA (11/6). He obtained a good performance of 1h21:25 just 30 seconds ahead of Nick A'Hern (AUS). Olympic champion **Daniel Plaza** was disqualified again.

The match was won by Germany due to the junior athletes which won both races:

* Do you remember last year when the **Estadio de la Comunidad** was inaugurated in Madrid? Then the wind was calm and almost all the wind readings were 0,0m/s. This year it has not been the same and the sprinters have had to fight against it while jumpers were strongly propoled (Pedroso 8.73w, Quesada 17.97w). The new Stadium is popularly known as "La Peineta" because of the form of its stand.

* Only two Spanish athletes made their PB during the European Super League of Villeneuve D'Ascq: **Jordi Mayoral** with 10.46 (100m) and **Javier Rodríguez** with 8:25.03 (3000st). Javier Rodríguez (known as "Chuvieco") has bettered just ten seconds from the performance of Mar del Plata (ARG) during the Iberoamerican Games.

* The National Junior Team was third of the match between Australia, Italy, Rusia and Spain held at Udine, ITA (July 8). However we obtained the men's first place:

* Shot Putter **Martina De La Puente** is the second Spaniard performing over 17.00m. She is also the first in beating Margarita Ramos for a long time and it happened during the most important competition: The Nationals. We can compare her with Sergey Bubka because she is improving the U23 National Record cm by cm:

17.11m	Vitoria	07-7
17.19m	Alcázar S Juan	15-7
17.20m	Madrid	23-7
17.21m	Madrid	25-7

* After eight Africans, **Enrique Molina** could finished a fine 5000m race in Stockholm (July 10). His 13:13.55 is the third all-time performance only inferior to the ones of José Luis González (13:12.34) and José Manuel Abascal (13:12.49). Not bad for **Manuel Pancorbo** at the BNP meeting of Villeneuve D'Ascq; he was sixth with 13:15.95 (June 17), and now is the fifth in the all-time list.

* 1995 is an irregular year for **Fermín Cacho** but at the end of July (when these notes are written) it seems that he is becoming into a good shape: He has obtained the NC in front of Viciosa and Cañellas and his 3:34.25 at the "Herculis" meeting is the best in two years. Of course, he was seven seconds behind the galactic Morceli.

* Two individual National Records have been bettered during the Nationals and at the same event. **José Manuel Pérez** confirms his excellent year with a Hammer Throw of 73.34m and **Susana Reguela** adds more than two meters to her own NR of May.

* The wind was not hepful with our sprinters and the new National Record at the 200m event stills remains 20.63. Two better performances were obtained by Mayoral (20.44) and Navarro (20.55) but with more than 2m/s.

* Not only **Reyes Estévez** has obtained his second 1500m European Junior title but Spain has won two more gold medals with **Roberto Parra** (800m) and **Antonio Alvarez** (3000st). The complete collection of medals also include silver medals from José Redolat (1500m), Juan José Gómez (5000m), Iván Pérez (10000m) and Francisco Fernández (10000W) and the following bronze medalists: Iván Pérez (5000m), Iker Sukía (SP) and David Abellán (10000W).

* 55 athletes will travel to Göteborg. The list was published three days after the Nationals but a last opportunity was given to Gustavo Becker, Jesús Oliván and Margarita Ramos. They

could not reach the marks required and will not be there. Apart from the athletes showed in italics in the results of the National Championships (at the event in which they were selected for the WC) they are: Abel Antón (10000m); Martín Fiz, Diego García, Alberto Juzdado, Rocío Ríos, Mónica Pont and María Luisa Muñoz (Marathon); Antonio Peñalver (Decathlon); Daniel Plaza (20kmW); Jesús A García, Jaime Barroso and Andrés Marín (50kmW); Enrique Talavera and Pedro Nolet (4x100m); Yolanda Reyes, Esther Lahoz, Miriam Bravo (4x400m). The relays will be completed with Feo, Mayoral and Navarro (men); Myers and Alonso (women).

* Reyes Estévez has completed a last brilliant season as a junior. Apart from his European title he has achieved personal bests in all the distances between 800m and 3000m, including an European Junior Record of 3:35.51 during the race of Zürich:

800m	1.47.20 (*)	1 Mataró	12-7
1000m	2:19.34 (NJR)	3 Bruxelles	25-8
1500m	3:35.51(EJR)	2 Zürich	16-8
Mile:	3:55.90 (NJR)	4 London	27-8
3000m	7:56.12(NJR)	3 Andújar	7-9

(*) At that moment a NJR but later bettered by Roberto Parra.

* Which was common between **Martín Fiz** and **Valentí Massana**?. Of course they were the only Spanish athletes obtaining medals in Göteborg but probably you do not know that they used the same vest during the WC. When Martín Fiz was to compete he realized that he had forgotten the official team vest and then Massana lent his own.

* **Hassiba Boulmerka** has been awarded with the "Premio Príncipe de Asturias" to the Sport. She is the fourth athlete to obtain it. The previous winners: Sebastian Coe, Juan A. Samaranch, Severiano

Ballesteros, Sito Pons, Sergey Bubka, Miguel Induráin, Javier Sotomayor and Martina Navratilova.

After her seventh place at the Half Marathon WC, a good performance was expected in San Sebastián but not such good. This is the tenth Marathon of her career, with 9 of them finished. She raced with a rabbit all the time (Francisco Villameriel, a 2h16:58 marathoner). With her San Sebastián race she has been NR holder at 10000m, Half Marathon and Marathon.

Julia thinking in longer distances is a good prospect for the future. She only has tried the 5.000m event for two years and has just made her debut in the 10.000m in a brilliant manner: with 31:24.08 she has bettered the NR by almost a minute while defeating the World Champion (slightly injured).

* **Margarita Ramos** could not achieved her tenth national indoor title in a row during the NIC of San Sebastián

(see results on pgs. 1,2). Once again **Martina de la Puente** defeated her as she did in the last outdoor championships. This time it was with an excellent indoor record only 6cm inferior to 18m.

On the men's side **Carlos Sala** is the only 1996 winner who leads the indoor national titles list with nine championships at 60mh. The absolute leader is shot putter **Martín Vara** with ten titles.

* Four gold medals, a bronze medalist and the second overall position is the excellent result of the Spanish team that was displaced to Stockholm in order to dispute the European Indoor Championships. With this performance the maximal number of medals obtained in the same championship (Milano'82 and Madrid'86) is equaled, although they now are of greater quality.

Mateo Cañellas and Anacleto Jiménez confirmed their silver medals of Barcelona'95, while Roberto Parra, still 19, ratified the excellent qualities he possesses.

Sandra Myers, 35, in her last international year, got a title that without a doubt she deserves. For her part, Marta Domínguez achieved an unexpected bronze medal, after being about not to dispute the final.

* Modest and fair, like he is accustomed to, Alberto Juzgado went to Tokyo in order to run the marathon that will serve him like preparation to the OG. There he beat the national record with 2h08:46, snatching it to Martín Fiz. However he didn't hesitate to recognize the superiority of the current World Champion.

* Martín Fiz, with a similar plan of preparation, carried out two races in a short term of time. First dispute the half marathon of Lisboa, where was he a third with 61:17, and he then left to South Korea to run the marathon of Gyeongju. There he won the local runners and got a tight victory with 2h08:25 that, apart from being national record like the one of the half marathon, is the World best performance of the year.

* It already seems habitual that Antonio Peñalver, who for sure got married this winter, get injured to the beginning of each season. This time he is accompanied by the twin Benet and Xavier Brunet. In this way the combined events lose all the best athletes since one must remember that Alvaro Burrel said good-bye to the competition and he now meet in Bosnia carrying out the military service.

* **10.000m Iberian Championship** in Leiria (POR) on April, 6: For the first time in the six editions, Spain has obtained the two individual victories:

* During the marathon from Madrid a novelty was started that already exists in other marathons. In order to control the participants each one had to place a chip in his slippers. Given that many of them did not understand the instructions well, to the end there was more than 1.000 athletes disqualified by being placed it to more than half meter of height, so their pass for the controls was not detected.

The first Spanish athlete was Fermín Martínez, of 33 years. He was the winner of San Sebastián in 1993 and works in a farm of pigs. The female winner Montserrat Martínez (no relation), 31, is a policewomen and this is her fourth marathon.

* Julia Merino reappeared after four years injured. She run in Burgos a 200m race and was the winner with 24.49.

* Last year we wrote about **Fermín Cacho** and his form before the WC. This year he has won again the NC title in front of Viciosa and Cañellas and, several days later, has run in Lausanne with 3:32.87, once again behind Morcelli.

His victory in the Nationals was contested by Viciosa who, after the race, complained about the behavior of Cacho that made him to run in lane four in order not to be passed.

* As it has happened in Spain, the activity before the Olympic Games has been great. Several Spanish athletes have participated in the IAAF Grand Prix meetings and two of them in a great manner: **Julia Vaquero** run 5000m in 14:44.95 during the Bislett Games (8th World all-time performance, 6th athlete), and then 3000m in 8:41.23 at the Nikaia meeting while **Enrique Molina** did 13:11.05 in Stockholm and 7:34.36 in Nice. All of them are National Records.

* More national records have been obtained in the altitude of Sierra Nevada in a new track facility. **Venancio José** run a 100m race with 10.18 and a headwind while **Naiara Larrea** did 3.61m in the pole vault. Details in the next issue.

* In the third and last opportunity, **Francisco J. Benet and Antonio Peñalver** could obtain the qualifying performance for Atlanta. After Alhama, where an splendid Benet made 8.294w and Peñalver had to withdrew due to an slight injury, Valladolid, with the Nationals, presented an atmosphere totally against the athletes and it had to be in Tallinn, during the European Cup, where both decathletes made the 8.000+ required. As a result the Spanish team has recovered the category for the next edition.

* **Yago Lamela** was sixth in the NCAA Long Jump contest of Eugene with 7.74m. Before that he had jumped 8.00w at Lincoln. He is known there as Lamela-Tobio but you must not put the second surname (the one of his mother). Remember that he is still 19 and eligible for the WCj. Even better was **José María González** with the third position in the steeplechase race and a personal best of 8:35.50. This athlete has now licence in Spain with Laríos.

* The situation of the 400m event is again worrying. The only athlete to run this year under 47s before the National Championships was a Junior, **David Canal**, who has bettered the National Junior Record with 46.79 (Barcelona, Jun 1). He has also made 46.6 hand timed.

* Significant absences in Málaga during the NC: Cayetano Cornet (400m, injury), Roberto Parra (800m, hit on the knee while getting out of the car the day of the competition), Carlos García (1500m, ill), Javier Rodríguez (3000st, foot injury), Angel Hernández (LJ, leg injury), Julio López (TJ, injury), Ana Amelia Menéndez (800m, slight injury), Maite Zúñiga (1500m).

* As expected the Women Pole Vault National Record has been bettered substantially since last year. Now the NR is the same that the best indoor mark of 3.61 by Silvia Delgado. The evolution:

3.41	Dana Cervantes	Sevilla	30-3
3.43	Dana Cervantes	Málaga	24-4
3.46	Dana Cervantes	Sanlúcar	01-6
3.50	Silvia Delgado	Mataró	05-6
3.51	Mónica Delgado	Barcelona	12-6
3.55(1)	Naiara Larrea	San Sebastián	19-6
3.60	Silvia Delgado	Vitoria	22-6
3.61	Dana Cervantes	Sierra Nevada	10-7

(1) Not ratified as National Record because only two athletes competing.

* Among the athletes that opted during 1996 for the retirement of Athletics we can mention to **Antonio Sánchez** and **Amaia Andrés**. The 800m runner of San Sebastián said goodbye after a disappointing indoor season while the former 200m National Record holder had taken the decision in 1995. Of course we must mention **Sandra Myers** who announced her retirement at the beginning of the year.

* Do not think about national Cuban team but the Adidas Running Team for 1997. All the following Cuban athletes will be with them: Erik Batte, Anier García, Iván García, Joel García, Joel Isasi, Iván Pedroso, Yoelbi Quesada, Javier Sotomayor, Norberto Téllez, Aliecer Urrutia, Emilio Valle, Yanilet Aldama, Idalmis Bonne, Julia Duporty, Aliuska López, Isel López, Niurka Montalvo, Ioamnet Quintero, Ana Quirot, Xiomara Rivero. The agreement with Larios was finished and the Cuban Federation wanted all the above athletes in the club for the following years. Larios said no and instead of that they have incorporated **Venuste Niyongabo** for 1997.

Remember that in the Adidas Running Team there are also important Spanish athletes such as Alberto Jurdado, Enrique Molina, Reyes Estévez, Rocío Ríos, Carlos De La Torre, ...

* The 50m indoor performances from Madrid (Feb 9) have been considered not legal by the RFEA (Spanish governing body) because the wrong placing of the foto-finish system. As a result you have to delete the National Indoor records appeared in the issue n.22 (page 8).

* After the retirement of Antonio Corgos, the injury of Angel Hernández and Jesús Oliván not jumping over 8 meters it seemed that the Long Jump event could not have a good level in the following years. Hopefully, this year a group of junior jumpers make the situation different. Of course the two best were Raúl Fernández and Yago Lamela who obtained the silver medal and the fourth place in the WCj of Sydney:

7.80	+1,5	Raúl Fernández-78	1	Sevilla	25-05
7.80	+0,7	Yago Lamela-77	1	Valladolid	09-06

7.79	+0,7	Lamela	-	Barcelona	26-07
7.75	0,0	Fernández	2	Sydney	22-08
7.74	+1,2	Lamela	6	Eugene	30-05
7.73	+0,4	Lamela	4	Sydney	22-08
7.70	+1,4	Lamela	4	Málaga	29-06

7.56	+2,0	Antonio Adsuar-78	-	Barcelona	26-07
7.55i		Iván Román-78	1	Madrid	13-01
7.48	+1,9	Javier Asensio-77	4	Alcorcón	16-07
7.43i		Albert Andrade-77	2	Sevilla	18-02
		(and 7.42 +2,0)	4	Valencia	08-06

wind assisted:

8.04	+3,9	Yago Lamela-77	1	Barcelona	26-07
8.00	+3,3	Lamela	1	Lincoln	20-05
7.97	+3,1	Raúl Fernández-78	2	Barcelona	26-07
7.88	+3,0	Fernández	1	Nembro	03-08
7.70	+2,7	Fernández	1	Sevilla	04-05

7.59	+4,5	Antonio Adsuar-78	3	Barcelona	26-07
7.54	+2,3	Javier Asensio-77	5	Barcelona	26-07

Please note that **Angel Hernández** is training again and he hopes to be at the top during the summer.

* High jumper **Estefanía Godoy** has been suspended for two years by the RFEA after testing positive by metandienone (anabolic steroid) during a random test out of competition on April 29. As the suspension runs from this date, her best performance of 1.84m has been annuled (see lists).

* This year edition of the **Premio Príncipe de Asturias** to the Sport has been awarded to **Carl Lewis**. The organizers were not very happy with his absence of the ceremony.

* For the first time in Spain the 2000m steeple event for women took place at Sabadell (Sep 28). The results:
2000st Rosa Morato(79) 7:09.2 h; 2 Montse Fontarnau(69) 7:16.5; 3 Sara Beltrán(78) 7:41.4; 4 Montse Mas(79) 7:53.6; 5 Verónica Fernández(78) 7:59.4; 6 Esther Bonilla(76) 8:25.6; 7 Montse Salmerón(81) 8:30.6; 8 Cristina Gómez(81) 8:35.0; 9 Vanessa Aguilar(80) 9:21.3

* **Fermín Cacho** and **Julia Vaquero** have been awarded as the best Spanish athletes during 1996 by the magazine **Atletismo Español**. The long distance runner obtains the title for the first time but Cacho was the winner in 1991 and 1992.

* Two weeks after his victory of Barcelona (Jean Bouin), **Isaac Viciosa** was married in Valladolid.

* **Daniel Martí**, who has passed the year without competing, is going to try the sprint events in 1997. He thinks he is not able to vault after the injury of Stuttgart'93 and even was thinking about retirement ...

* Fermín Cacho, Abel, Antón, Martín Fiz, Roberto Parra and Jacqueline Martín will defend the Reebok t-shirt during 1997.

* The Marathon of Barcelona no longer will finish at Montjuic. Trying to become as great as London or Rotterdam, organizers have decided that the finish lane will be at the beginning of that little mountain. Adidas will sponsor the race for the next five years.

* Disappointed with his performance of Atlanta, **Daniel Plaza** has decided no to continue with Jordi Llopart coaching him. It was a relation of 16 years ...

* Just during the winter training, **Reyes Estévez** suffered from appendicitis and an appendectomy was needed (December 6th). He hopes to return soon.

* Former 100m National Record holder **Juan Carlos Jones** (Vitoria, 24/8/47) died of throat cancer on February the 15th in Malabo (Guinea). He was 100m National Champion in 1970 (five times at indoor 60m from 1965 to 1970). He was only 23 when left Athletics due to injuries. His best performances (all hand-timed): **50mi** 5.6 (1965 and 1967), **60mi** 6.5 (1970), **100m** 10.3 (1970). He was international for Spain 22 times and the best result he obtained was the fifth position at 60m (6.7) during the first edition of the European Indoor Championships (Wien, 1970). He was the first black athlete in Spain.

* Beginning with 3.65 at Moskva (Jan 17) where she was sixth with the following serie: 3.45-2/ 3.65-3/ 3.75-xxx, **Dana Cervantes** has bettered the pole vault National Record six times this year, the last one during the Nationals with 3.82. Also **Silvia Delgado** (3.65 twice) and **Naiara Larrea** (3.71) are included in the evolution. Note that the record has been broken during the three National Championships (senior, U23 and junior).

* With his victory of Valencia, **Carlos Sala** has reached shot putter **Martín Vara** as the men with most individual indoor national titles (10) at one event (remember that there is a woman with 11, hurdler **María José Martínez Guerrero**). Sala has another curious record because he is the only athlete who has competed at all six editions of the World Indoor Championships (plus the 1985 World Indoor Games).

* For the first time in several years Spain has not reached a medal in a big track competition (also the first time at the WIC). The best placings at this 6th World Indoor Championships were three fifth positions by **Andrés Díaz** (1500m and choosing the event in Paris), **Manuel Martínez** (SP with a new NIR of 20.37) and **Marta Domínguez** (3000m and also a NIR of 8:52.74).

* Marathon is the star event in Spain. One man under 2h08, three under 2h09 and eight under 2h10 with the oldest performance from 1994 is an incredible situation. **Martín Fiz** was the first elite long distance runner to pass to the distance (2h12:47 in 1993) but since then there have been astonishing debus from Antonio Serrano (2h09:13 in 1994), Abel Antón (2h09:15 in 1996), José Manuel García (2h09:30 in 1997) and the spectacular of Alejandro Gómez (2h07:54 at Rotterdam):

* This year is a new one for former 50kmW World Champion **Jesús Angel García**. He has won for the first time two big meetings at his favourite distance: The World Cup and the National Championships (see results). After doing a personal best of 3h39:54 at Podrebrady, CZE he declared he hoped to be even in a better form for the World Champs of Athens because he likes hot more than the temperature (-1°C) at the WCP.

The new 3000m European record holder would like to beat the 5000m European Record but at the moment he has even four Spanish athletes with a best performance than him: Enrique Molina (13:07.32), Anacleto Jiménez (13:08.30), José Luis González (13:12.34) and José Manuel Abascal (13:12.49). Showing the best form of his life he has bettered his personal bests at 1,500m, 3,000m and 5,000m apart from winning the National Championships against Alberto García, Enrique Molina and Anacleto Jiménez.

Faced with an impressive Russian team the Larios Club could not obtain its four European title in a row.

Martín Fiz, Alberto Juzdado, Diego García, Abel Antón, José Manuel García and Fabián Roncero.

- The men athletes from Larios Club showed during the NC of Salamanca why they are the strongest. The yellow club obtained 11 from 20 possible national titles including all the throwing events and the two relays. Well different is the situation on the women's side: Concepción Paredes was the only winner (TJ).

- Just nine months after her retirement **Sandra Myers** gave birth to a girl (July 5th). Her name is Elena.

- San Sebastián will host the National Championships of 1998. They are scheduled for the beginning of August.

Although still not at a big international level, the 100m event is getting stronger and stronger. With 10 men under 10.50 and six under 10.40 the situation is very hopeful. This year the man who has showed the better form is **Frutos Feo** but he had to fight every meter to pass **Venancio José** in the Nationals (10.20 against 10.22) where the six men under 10.40 are the best in the list. Note also that **Alfonso Borreguero** broke the NJR with 10.40 and that a man born in 1980 (Alejandro Ferrer) has run 10.53.

1997 List of performances (under 10.50):

- Two junior athletes could have been the stars of the National Championships from Salamanca: **David Canal** (45.93 at 400m) and **Raúl Fernández** (7.96m at LJ) but instead of participating they preferred to prepare the European Junior Champs.

- Another athlete has renounced to a big competition: **Valentín Massana**, who was the winner of the 20km walk event at Salamanca, announced several days before that he would not compete at the World Championships. There are no injuries it is only a year-off.

- There are more athletes that will not be in Athens: **Antonio Peñalver** (injured in the Aquiles tendon during the European Superleague of Combined Events), marathoner **Ana Isabel Alonso** (not in good shape), walker **María Vasco** and longjumper **Jesús Oliván** (recently operated on a knee).

- **Fermín Cacho** was hit by another athlete during the meeting "Isla de Tenerife". As a result he has problems in one knee and could not compete in the meeting of Salamanca nor in the NC either. He hopes to be recovered for the WC.

- With the "wild card" offered by the IAAF to the last champions, six Spanish marathoners will compete in Athens:

Meanwhile the 1500m event is the strongest in our country. There are more than 100 performances under 3:36.0 in the all-time lists (12 athletes):

* One of the most important 1500m meetings of the year take place in Andújar (Jaén). It was not the race of the Francisco Ramón Higuera Meeting but the **Fermín Cacho's** wedding 17 days later (Sep 20th). Several top Spanish milers were present in the native village of his (now) wife Susana. Of course they knew each other three years ago after the Athletics meeting of that year.

* This was not the only September marriage involving athletes: **Jesús Angel García** was married the same day to ex-gymnast Carmen Acedo (1993 World Champion), triple jumpers **Conchi Paredes** and **Xavier Valls** were married 14 days earlier and the same day high jumper (ex-basketball player) **Carlota Castrejana** with a basketball player.

* **José Arconada** the tallest 800m runner (1.95m) has announced his retirement. His best international result was at the 1992 European Indoor Championships where he was second with 1:47.16 after Luis Javier González.

* The 1997 edition of the **Premio Príncipe de Asturias** to the Sport has been awarded to the Spanish Marathon Male Team.

* Only one Spanish athlete in the IAAF Grand Prix Final of Fukuoka and he could not finish the event. **Manuel Pancorbo** said goodbye to an exhaustive season. He is very satisfied with the 3000m european record (7:31.78 not 7:31.77 as appeared in the last issue).

* Outdoor 1997 National Records: Here is the list of National Records broken during the 1997 outdoor season. Please note that the performance of David Martínez at the discus is not eligible.

* Through a 1,185m course **Jacinto Fernández** broke the 24hours national best performance when he completed 245.192km (Madrid, Sep 13-14). With 9 longer distance runners in the race, also runner-up **París Canals** was over the previous performance of 225km.

* After more than one year of his positive test of nandrolone (Málaga, June 28 1996, NC), **Daniel Plaza** has finally been banned by the **Comité Español de Disciplina Deportiva** (CEDD) the higher Spanish Sports Authority. Meanwhile the **Spanish Federation** (RFEA) decided not to ban the athlete (April 1997) taking into account that all the tests made before and after that competition (two of them on July 9 and 13, before the OG) were according to the rules and it is very difficult to believe that the substance found disappeared in such short period. When the RFEA notified the decision to the **Spanish Commission Against Doping** they disagreed with the resolution and requested the ruling of the CEDD. The IAAF is going to decide this ban to begin from the moment he tested positive but the CEDD has decided it begins from the moment of its resolution. If that, after then months Plaza only will be able to compete abroad. Performances affected:

* Sadly this is not the only positive test of Spanish athletes: **David Martínez** has been sanctioned by the RFEA with two years after his positive test of nandrolone at Halle (May 17th). See the 1997 list for performances affected which include one superior to the National Record.

* Just before returning to competition **Roberto Parra** announced that he would not be advised by Martín Velasco anymore. He is going to be coached by Enrique Pascual. Sognificatively he changes from José Luis González's coach to Fermín Cachos's.

* During 1997 native Cuban athlete **Marlen Estévez** has competed with her new Spanish Nationality; now her

“Spanish personal bests” are 55.59 and 2:04.38. However jumper **Virginia Martínez** is not still eligible for competing as Spanish citizen.

* Please note that performances from **Lanzarote Island** are not official but exhibition marks. It is almost sure that it is the case for the ones obtained during the past years. They are obtained in a winter training center but are not controled by Spanish officials.

* Due to the new generation of sprinters the 4x100m National Team has been finalist in a big world competition for the first time. We all remembered the team of the seventies (José Luis Sánchez-Paraíso, Javier Martínez, Francisco García-López and Luis Sarría) as the one of the best quality but now things are not the same: Frutos Feo, Venancio José, Jordi Mayoral, Javier Navarro and Carlos Berlanga have shown their credentials and are prepared to run under 38.50.

* After Athens'97 Spain leads two events (men) in the classification based on the first eight of each final at the World Championships (giving eight points to the first, seven to the second, ...): At 1500m scores 36 points (Marroc and Algeria 29) and 33 points at Marathon (Italy 21, Australia 20).

* **Esther Lahoz**, the oldest top ten sprinter in the 1997 lists, has reached her personal best at three events this year: 11.92 at 100m, 52.67 at 400m and 57.51 at 400mh. In the last two events she is the only athlete born before 1970. For the next year she is going to return to her first club **Scorpio'71** from Zaragoza.

* One-to-One revisited: Miguel Angel Mostaza, manager of Martín Fiz and Abel Antón, has announced that he has more than 2,5 million dolars to organize a duel between the two athletes in the marathon. He plans it for the next september.

* Due to his age **Julio Bravo** will no longer coach any athlete. The decission affects athletes such as Anacleto Jiménez (that will be coached by José De Dios) and Mateo Cañellas (Pascua Piqueras).

* **Maurice Greene** could obtain only one World Indoor Record because this year there no was foto-finish for the intermediate 50m at the Cagigal Meeting of Madrid. For sure his time would have been better than 5.56.

* High Jump Outdoor National Record holder **Carlota Castrejana** has decided to be a triple jumper. Beginning this winter the ex-basketball player wants to be a serious opponent of Conchi Paredes. At the moment she has jumped 13.61m showing good ability but lack of speed.

* During the 60mh women's final of Valencia **María José Mardomingo** was almost disqualified due to two false starts. Only the fact that Brigita Bukovec was in the adjacent lane permitted her to run the final: After one false start of the Spaniard, one more was detected. The TV transmission showed that the reaction times for the second start was 0.06 for Bukovec and 0.09 for Mardomingo but the officials considered Mardomingo's reaction as a

consequence of being near to Bukovec. If they had been in separate lanes Mardomingo would have been disqualified.

* The **Spanish Annual 1997** has appeared. Inside its 506 pages you will find the 100 best athletes of the year plus the best 50 for other age-groups, 20 best all-time lists, biographies, index ... You can order it to (3000 pesetas):

* **Abdeslam Serrokh** bettered the best performance obtained in Spain by winning the Catalonia Marathon with 2h09:48 (see results). This Moroccan who lives in Madrid shares coach with Alberto Juzgado and aims for the Spanish citizenship.

* Before that **Alberto Juzgado** obtained his personal best at Tokyo Marathon (Feb 8) with 2h08:01. He won that race with **José Manuel García** third with a personal best of 2h08:40. With a split time of 1h45:04 at 35km he could have broken the national record of Alejandro Gómez but did 22:57 in the last seven kilometers and 195m losing the opportunity of including his name in the World All-time top ten (he alleged muscular problems in the final part of the race). The intermediate times of the Spaniards were:

	5km	10km	15km	20km	Half	25km	30km	35km	40km
- Juzgado:	14:43	29:46	44:56	1:00:09	1:03:31	1:15:04	1:29:50	1:45:04	2:00:57
- García:	14:46	29:46	44:56	1:00:09	1:03:31	1:15:13	1:30:30	1:46:11	2:01:56

* The spring marathon of **Martín Fiz** was less successful. He could only be second at Lake Biwa Marathon with 2h09:33 well beaten by local Muneyuki Ojima (2h08:43). His split times:

	5km	10km	15km	20km	Half	25km	30km	35km	40km
- Fiz:	14:58	29:33	44:30	59:50	1:03:08	1:14:59	1:30:33	1:46:23	2:02:28

* New positive test: Marathoner **Carmen Mingorance** of nandrolone (Motril, 26-7-97). She has been banned for two years since that date.

* After solving his problems of ankle ligaments **Fermín Cacho** decided no to compete during the winter and hopes to begin in May. Of course his main goal for 1998 is the European Championship. More athletes injured who have resumed training are triple jumper **Julio López** and javelin thrower **Antonio Esteban**.

* Two ex-soviet hurdlers **Igor Kazanov** and **Zhanna Gurbanova**, currently living in Spain, have joined the GEiEG Club from Gerona the same of sprinter Jordi Mayoral.

* After an interruption of six years a new edition of the City of Barcelona meeting is planned for 1998. The almost sure date is July 25th.

* Several cuban athletes living in Spain are eager to obtain the Spanish citizenship. The last one is **Niurka Montalvo** that married a Spaniard on January 26th. They live in La Línea (Cádiz).

* Shot putter **Carlos Geronés** suffered a car accident at the beginning of the year. He was mainly affected in one leg and one shoulder.

* While **Daniel Plaza** has not been suspended by IAAF nor RFEA and competed at Prat de Llobregat (see results, Mar 29), **David Martínez** has a two year ban from the International Federation. The curious situation is that the CEDD, the higher Spanish Sports Authority for doping affairs, says the discus thrower is free to compete (against the positive test of Köln Laboratory) while the walker is banned. Please note that meanwhile performances of Daniel Plaza are correct (see 1997 lists and News of the past issue).

* Travelling to Portugal has proved successful for **Dolores Pedrares**. She bettered the Hammer Throw Spanish record two times during the "V Torneo de Lançamentos da Quinta do Anjo", near Setúbal. The first day (Feb 28) she won the event throwing to 57.63m with this serie: 52.23, 55.32, 54.34, 55.51, 57.63 and 56.68. On the morning of the following day she obtained 58.82: 54.76, 53.88, 58.82, 54.54, 56.18, 0.

THE MAGICAL SPRING OF FABIÁN RONCERO

We said last year how impossible was to break the 10,000m national record for Alejandro Gómez, Antonio Serrano or Abel Antón and how with the first 10,000m European Challenge the spring performances were worse than with the past Iberian Champs.

The irruption of Fabián Roncero has made things different.

Last year he was the last man to be selected for the Marathon World Champ of Athens (it was due to the new IAAF rule concerning the defending champions) and he deserved it by obtaining the sixth place with a big contribution to the World Cup victory.

In the 1998 IAAF World Cross Country Championships we saw him pacing the field during the first two kilometres and having enough vigour to finish tenth.

He later won the Second 10,000m European Challenge with 27:14.44, more than 20 seconds better than the old Spanish record and less than a second away from European record. He was very proud of this race because of bettering Salvatore Antibo's performance, his idol.

But his main aim for 1998 was Rotterdam's Marathon. After a nearly perfect race with some split times ahead of Dinsamo's he had to stop twice with less than four kilometres to the finish due to a leg cramp. Despite the difficulties with 2h07:26 he broke the national record becoming at the moment the 10th fastest performer in history.

He has shown that his pace does not depend on the people in the race but on his own: In Carpi (ITA) he obtained his previous marathon best of 2h09:43 running in the first place since the beginning of the race. He remembers a cyclist besides him telling that he was at 20kmh. It was Marco Pantani who congratulated him later in the podium.

As in the case of walker Jesús Angel García he has only a national title (the 1995 Half Marathon) and even this magic year he could only be second in Barakaldo (see results) with another new name, Bruno Toledo, winning in great style the 10,000m national title.

He was born in Madrid (19.10.1970 - 1.72/61), is trained by Guillermo Ferrero and appart from the new 1998 records has personal bests of 13:48.89 at 5,000m and 62:43 at Half Marathon (please note that with his 1998 performances both are almost worse than the intermediate times at longer distances). Rotterdam's has been the fourth marathon of his career, having run once a year since 1995 debut in London (2h14:36).

LVXXIII NATIONAL CHAMPIONSHIPS

San Sebastián - Estadio de Anoeta August 1,2

Cold and rain ruined most of the field events and some of track's. Second day field events were stopped due to atmospheric conditions during an hour and in some cases the athletes themselves had to remove the water from the field. Probably the best performance was Canal's 45.90 made under a hard rain. Compared with some winning performances of the NC/U23 the ones of San Sebastián were very poor.

* (Complete results for semifinals and finals; foreign athletes could not enter finals and have only the possibility of three tries at horizontal jumps and throws)

The profile of ... Francisco Javier Benet

25 March 1968 - 1.87/82

Tetuán (Morocco)

Coach: José Luis Martínez

Club: Chapín de Jerez

Apart from bettering the national decathlon record of Peñalver, Francisco Javier Benet is the best 1998 high hurdler in Spain: only a fall in the fourth hurdle prevented him from winning the National Championship. During his record of Alhama de Murcia he broke 7 personal bests, in all events except LJ, HJ and 1,500m.

Progression at Decathlon: 1987: 5.629p, 1988: 6.853p, 1989: 7.061p; 1990: 7.594p; 1991: 7.574p; 1992: 7.854p; 1993: 7.477p; 1994: 8.034W, 7.836p; 1995: 7.569W, 7.528p; 1996: 8.294W, 8.165p; 1997: 8.322p, 1998: 8.526p

Other pb: **100m**, 10.95 (1996), 10.72w (1998); **400m**, 48.10 (1998); **1500m**, 4:19.38 (1992); **110mh**, 13.83 (1998); **HJ**, 2.04 (1996); **PV**, 5.00 (1998); **LJ**, 7.60 (1997); **SP**, 14.57 (1998); **DT**, 46.12 (1998); **JT**, 65.37 (1998)

At Decathlon/Heptathlon: **OG**: 1992-22, 1996-19; **WC**: 1997-15; **WCi**: 1997-dnf; **WUG**: 1995-dnf; **EC**: 1994-12; **ECp**: 1991-8(B), 1993-23(A), 1994-13(A), 1995-19(A), 1996-2(B), 1998-2(B) **ECi**: 1994-10 **NC**: 1989-4, 1990-2, 1991-4(1), 1993-2, 1994-2 1995-1; 1996-6, 1997-1 **NCi**: 1990-1, 1991-3, 1992-6, 1994-2, 1995-dnf, 1996-1, 1997-1

* Several top athletes did not opt to their national titles in Sebastián by slight injuries: **Diego Santos** (10.26 at 100m this year in the NC/U23) could not run the final due to an injury; 200m national record holder **Venancio José** finished 8th with 25.17; **Arturo Ortiz** who began at 2.20m did not jump well due to the rain and back problems; long jumper **Raúl Fernández** did not travel to San Sebastián and **Yago Lamela** prevented a slight injury made by winning the long jump and did not compete in the triple jump (16.72m this year also in the NC/U23).

* This is not the year of **Fermín Cacho**. He has suffered all kind of problems including a winter surgery and several minor injuries. His last appearance in the nationals was sad because after winning his heat he could not finish the final due to a flu. He needs to show good form to be included in the Budapest's national team and his last opportunities are Monaco and Zürich.

* **Reyes Estévez** celebrated his birthday winning the 1,500m of San Sebastián. He made the last lap in approx. 53.2 seconds but the real sprint began with 150m to the finish line when he surpassed both Isaac Viciosa and Andrés Díaz. He hopes to complete in Budapest the collection of European titles (EJ, EU23 and EC).

* The woman who has registered the 100mh World Best performance of the year, the Nigerian **Glory Alozie**, lives in Valencia and is now coached by former Long Jump national record holder Rafael Blanquer.

* Due to the World Championships the 1999 Indoor and Outdoor National Championships will be hosted by Seville.

* The Larios Company has announced that 1998 will be the last year sponsoring Athletics. It affects to the strongest Club in Spain which is known as Larios but was born as "Asociación Atlética Moratalaz".

* Promising junior **Youssef El Nasri** from Morocco has acquired the Spanish citizenship (since the fourth of July). His 7:54.69 at 3.000m would had been the National Junior Record if made 35 days later.

* For the third time in a 1998 championship **Manuel Pancorbo** has defeated **Alberto García**. It was first in the National Indoor, then the European Indoor after John Mayock (both at 3,000m) and now in the Outdoor Championships (at 5,000m). However Alberto García defeated Pancorbo by almost 4 seconds while breaking the 5,000m national record of 13:04.64 in Rome.

* With the 1998 outdoor title, shot putter **Margarita Ramos** is the woman with more national outdoor titles at one event (12). Still there are two men with one more title: Sinesio Garrachón (DT) and Pedro Apellániz (JT).

* "My job does not permit me to train all I need", these words by 200m national champion **Javier Navarro** are a general regret of athletes whose level is not enough to live by Athletics.

* 1997 5,000m Junior National Champion, **Juan José Lozano**, died in a car accident together with other three friends of him. Lozano, born 23/5/1978 in La Roda (Albacete), had personal bests of 8:13.66 at 3,000m and 14:14.02 at 5,000m and was fifth at this event in Ljubljana'97.

* The April 1998 IAAF Newsletter publishes the two last positive cases in Spain: 400m runner Francisco Javier Martínez (4/11/97, two years) and 400mh hurdler Carlos García (15/2/97, 3 months). García has been 1998 junior national champion and competed in Annecy.

* Only a silver medal from pole vaulter **Mar Sánchez** is the poor performance of our junior athletes in Annecy. She tied with 4.10m the national record **Dana Cervantes** obtained during the NC/U23. Complete results from our athletes in the next issue.

* The National Team for Budapest is not easy to complete from 1,500m to 10,000m but the injury of Fabián Roncero (inflammation in a toe and selected for the 10,000m event) permits to move up Enrique Molina from 5,000m to 10,000m. The nine athletes probably choosen will be:

- 1,500m: Fermín Cacho (if recovered), Reyes Estévez and Andrés Díaz.

- 5,000m: Alberto García, Manuel Pancorbo and Isaac Viciosa.

- 10,000m: Julio Rey, Bruno Toledo and Enrique Molina.

In case Fermín Cacho renounces Anacleto Jiménez will be included in combinations.

Isaac Viciosa: First European under 7:30.00

26 Dec 1969 - 1.76/64
Cervatos de la Cueva (Palencia)
Coach: Eladio Barredo
Club: Larios - A.A.M.

Being so difficult to obtain a place for big championships in the 1500m event, Isaac Viciosa is thinking in longer distances. This is the first year he makes a serious attempt at 5,000m (13:09.63 in his first race!) and meanwhile he has bettered the 3,000m European record of Manuel Pancorbo becoming the first European under 7:30.00. But due to the selection criteria this year he has no opportunity of running the 5,000m in Budapest and has been fighting for the third 1,500m place.

Late result from Monaco with personal bests of Isaac Vicioso (3:30.94), Reyes Estévez (3:31.34) and Fermín Cacho apparently recovered (under 3:33) makes the situation different and now is more difficult to choose the Spanish athletes from 1,500m ans 5,000m. In any case this European Championships show several athletes under 3:34, with a quality field of athletes such as John Mayock, Driss Maazouzi (French record), Vyacheslav Shabunin, Branko Zorko, Tony Whiteman, ...

It will be different at 5,000m where the clear option is German Dieter Baumann.

The profile of ... María Vasco

26 December 1975 - 1.56/47

Barcelona

Coach: Manuel Alcalde

Club: C. N. Barcelona - Transports T2

With her fifth place of Budapest, María Vasco thinks she has reached the maturity as a senior athlete and that she can fight in the same conditions with all the great walkers. Her big opportunity to show this is, of course, Seville'99.

SPANISH ALL-TIME LISTS

OF PERFORMANCES

as at 31 December 1998

compiled by Francisco Ascorbe, Carlos Fernández Canet and José Luis Hernández (index) with the help of several AEEA members.

In the spring of 1999 a special issue of the AEEA bulletin will be published with deep Spanish Lists of Performances. More than 300 for each Olympic event (even 400 in some cases) and shorter lists for non Olympic ones. Full details that include wind readings, competitions, tracks, series for at least the 50 best field event performances, partial marks in combined events, relay compositions and much more; also an index of the athletes appeared in individual events.

More than 20,000 performances included!

If you are interested you can reserve your copy contacting José Luis Hernández (see e-mail address).

* One of the two Spanish victims in Omagh was **Rocío Abad** who was the Long Jump national U17 champion in 1991 (with a personal best of 5.70m). She did not continue with her athletics career.

* After losing 25kg as a consequence of his car accident (see n.31), shot putter Carlos Geronés has retired from Athletics. Third in the Spanish All-Time List with a personal best of 18.56m obtained in 1997, his best international performance was at Bari when he was 6th in the Mediterranean Games. Because of Manuel and José Luis Martínez he has no senior national titles but two U23 ones.

Atletismo en España

Volume VIII Issue 2 (N.36)

August 1999

Editors: Francisco J. Ascorbe and José Luis Hernández

Note from the editors: The publication of the book "Lista Española de Marcas de todos los tiempos" (see advert for information) has made impossible the edition of this report during the first part of the year. Although later than usual here you have the activity of that first part of the year. We hope to publish at the end of September a big issue with complete results of the two big meetings (the World Championships and the World University Games) of 1999 apart from the National Championships and other international meetings.

YAGO LAMELA: 8.56m indoor / outdoor.

Showing a great competitiveness Yago Lamela bettered during the World Indoor Championships of Maebashi his personal best by 34cm. He did it when a performance makes great to an athlete: the Big Championships.

Although before Maebashi we were thinking of Lamela jumping 8.30-8.35 he was more than 20cm better than expected. He was so self confident that when he broke the best Spanish performance (indoor and outdoor) in his third try (8.29) did not show special joy. He was still concentrated in the competition because of the names of the field trying to catch him (Walder, Beckford, Tarus, Cankar, ...). Only when he jumped 8.42m expressed joy.

In spite of the silver medal almost in his pocket he was capable of making a super big jump in the last round passing Pedrosa by 10cm. Although the Cuban also showed his character in the last jump of the competition we always will remember Lamela reaching a performance out of our minds.

Lamela, now just 22, while a teenager was a versatile athlete better known as a triple jumper. He broke the U18 and U20 (indoor and outdoor) national triple jump records and reached national junior titles in 1994 (outdoor) and 1995 (indoor and outdoor). He competed in the World Juniors of Lisbon'94 but could not reach the final (he was still 16 only by 24 hours).

In 1996 he changed to the long jump event because feet injuries and a bad experience with the triple jump event while studying in the United States (Iowa State University). He was fourth in the World Junior Championships of Sydney losing the bronze medal with the last jump of Raúl Fernández (silver).

In 1998 he reached 8 meters in legal conditions for the first time. He began the year slightly injured but was capable of recovering for the European Indoor Championships of Valencia where he was fifth in his first competition in healthy conditions (with a personal best of 7.95). He improved to 8.14m during the outdoor season but in Budapest was only 8th. In any case he showed consistency over 8m and bettered his triple jump best (16.72m).

During the indoor season of 1999 we saw an athlete very consistent. Always looking for the Corgos' 8.23m mark, he made three competitions around that performance winning the national indoor title and beating Beckford and Walder in Madrid.

His outdoor campaign has confirmed him as the best European longjumper in many years. He preferred to be concentrated in the World Champs of Seville instead of jumping for the IAAF Grand Prix and it is a solid hope for a medal.

His long jump's career:

* The indoor season was the one of Yago Lamela but **Andrés Díaz** shined a lot with both his European Indoor Record and the bronze medal of Maebashi. It seems that he is now a selfconfident runner and as a result he obtained de 1.500m national outdoor title for the first time. Three days later he reached a personal best of 3:31.97 during de Ciudad de Barcelona Meeting.

* Several athletes have acquired Spanish citizenship during 1999. The most important one is jumper **Niurka Montalvo** who just three days after that broke the national record with 6.69m (on May 8, see results). If she had received the passport a week earlier the record would have been better because the previous weekend she had jumped 6.84m. She is

married with a Spaniard and lives near Valencia. Other athletes that recently reached our citizenship are jumper **Virginia Martínez** (ex Cuban, from December 1998) and long distance runner **Kamel Ziani** (Ex Moroccan, from June 1999).

* **Manuel Martínez** said goodbye to his best season playing basketball instead of putting the shot. His knee injury needed surgery and a 6 months period of recovery is calculated.

* Except **Andrés Díaz** the other two 1.500m runners in Seville, **Fermín Cacho** and **Reyes Estévez** have had problems during the season. They are now recovered but Reyes Estévez is short of training.

* Other athletes that are not full recovered from injuries are 400m runner **David Canal** and steeplechaser national record holder **Luis Miguel Martín**.

* A two years ban for **Julio Rey** is expected after testing positive during the National Cross Country Championships. He is not going to compete in Seville and his 2h07:37 will be annulled.

* Shot putter **Margarita Ramos** has been diagnosed of tracheal cancer.

* Our first Olympic finalist **Constantino Miranda** died at Sant Boi de Llobregat on April 22. He was 8th at the 3.000m steeplechase of London'1948.

* Please note that after the failure of the automatic timing in the second heat of the 100m women, the hand times given are, under our point of view, incorrect. We think they must be one tenth worse: 10.8 must be 10.9 (original automatic time, 10.82), 11.2 must be 11.3 (11.23), ... In any case even 10.9 must be investigated because apparently there was no hand timing and we do not know the kind of irregularity.

Coach: Andrés Mayordomo

Club: C. A. Valencia Terra i Mar

International: 8

He has prepared the 2000 indoor campaign specifically after being disappointed in 1998 when the European Indoor Championship was at his hometown of Valencia (and he was only 8th). Sydney means for him a personal best of 3:32 - 3:33 and one of Díaz, Estévez or Cacho out for any reason.

During the last two years he has gradually quitted the 3,000m and the 5,000m events to become a 10,000m runner (and maybe a marathoner in

the future). He would like to be near the Africans at Sydney and he will try the 27:14 record of Roncero.

This year he seems a different athlete running near the national records of Alberto García (13:04.64) and Fabián Roncero (27:14.44) and with a serious chance at Sydney of being the second European (after Mourhit).

* What a difficult task to choose three athletes for the 1.500m event!. Prior to the National Championships Estévez, Cacho and Díaz were the options due to their performances in Seville'1999. But Cacho resigned just before the final after being classified the day before; he has Achilles tendon problems that caused him not to train enough to be competitive and every race causes him a lot of pain. Díaz did not finish in the final also because Achilles tendon problems although he is in very good shape. Estévez, the third in the final, is not in good shape although he alleges to be ok. José Antonio Redolat, who did 3:31.48 in June, was the best candidate for Cacho's place but could not win the final in front of Juan Carlos Higuero, not a chance at the beginning, who decided to run the 1.500m instead of the 800m and in winning the national title fulfilled the requirements of the Spanish Federation. The final decision implies that Estévez (bronze medalist in Seville) is out of the National Team although at last he could replace a possible injury.

* The medal chances for Sydney have decreased during the last month: Cacho and Roncero are out, Estévez is not still at his best, Díaz is not full fit, Montalvo can not participate, Lamela is still recovering from his injuries although he jumped 8.22m in Italy, Antón has knee problems and Fiz loose consciousness last month while training.
